DIVORCE

Suit Filed By Julia Kline Against John Kline

In Which She Makes Some Sensational Charges

Action Brought To Set Aside The Sells Will

Auditor Gets Some Figures On Live Stock

Other Items Of Interest From Temple Of Justice

Julia Kline has commenced an action for divorce in the court of common pleas against John Kline. The petition states they were married July 6, 1907, at Mt. Vernon. The allegation is made by the plaintiff that at the time of the marriage of the plaintiff to the said defendant, that said defendant had a wife living to whom he had theretofore been married on June 24, 1882. The plaintiff charges the defendant with cruelty and alleges that he threatened to beat and kill her on several occasions. She charges the defendant with habitual drunkenness, gross neglect and says that he absolutely refuses to provide her with the necessities of life. On these grounds she asks for a divorce. The attorney for the plaintiff in this action is A. J. Workman.

To Set Aside Will—
Stephen Sells has commenced an action in the Knox county court of common pleas against Dianna Sells, as administratrix of the will annexed of the estate of John Sells, for the purpose of setting aside the last will and testament of John Sells. The will was executed April 30, 1910, but the plaintiff alleges that this is not the last will of John Sells and further that he was unduly influenced in making the said will by Dianna Sells. The plaintiff states that John Sells at the time was unable to make a will and for that reason asks that the document be set aside. Waigert & Moore represent the plaintiff.

The Workman Will—
The last will and testament, with a codicil, of Richard Workman, late of Danville, has been filed in probate. By the terms of the will he directs that the sum of \$100 be paid Jennie Davis and the sum of \$50 be paid Joseph Fairazel from his estate after the payment of all debts. According to the provision of the will the testator makes disposition of his real estate to his wife and children, but according to the codicil all the real estate has been sold since signing the will and the testator directs that the entire proceeds arising from the same be given to his wife, Sarah Workman, with the exception of \$1,000 which he gives to his son Elmer, \$1,000 to his son C. Jay and \$1,000 to his daughter, Clara Daugherty. Upon the death of the wife all the residue is to be divided equally among the children mentioned above. Sarah Workman, Elmer Workman, Jay Workman and Edward Daugherty are named as executors of the will which was signed July 6, 1910, in the presence of John E. Hall and A. J. Workman. The codicil bears the date of August 10, 1910, and was witnessed by May Workman and A. J. Workman.

Figures on Stock—
County Auditor Irvin Young has re-

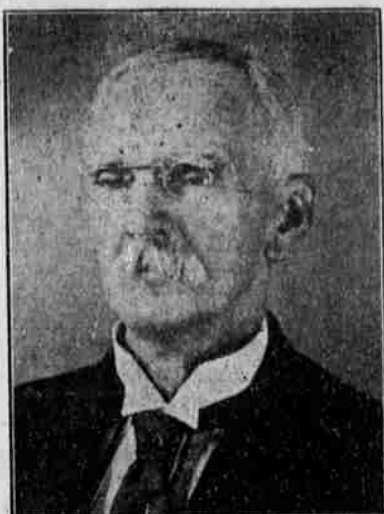

ceived from the auditor of state a lengthy report showing the amount of stock reported from each county in the state by the county auditors to the auditor of state during the years 1909 and 1910. The figures from Knox county follow:

Number of horses in 1909, 8,320, number in 1910, 8,545.
Number of cattle in 1909, 20,191, number in 1910, 15,297.

"BEAT STATE"

Is The Slogan Taken Up By Kenyon Students

Gambier, Oct. 26—The Kenyon football squad was given a rest yesterday from their hard work of the past week. Today work was started in dead earnest in preparation for the Wooster game Saturday. It is generally felt here that with an even break of luck, the score would have been different in the game with Reserve last Saturday.

Skiles, who had to be carried from the field Saturday, is much better, but will probably be out of the game Saturday.

With the state game just a month off, Coach Pierce is bending every energy to rounding off the team for this game. It has been the ambition of late years to defeat state. This year this ambition has by no means died out and the slogan is, "Beat State."

"PINCHED" IN MANSFIELD

George Pervus was the name given by a man from Mt. Vernon who was arrested Monday night by Officer Sherman on the charge of intoxication. He had two quart bottles of whiskey with him when arrested. He was fined \$1 and costs which he paid. When he left he stated that he bought the whiskey for a friend of his whose wife was ill. Those in the desk officer's room at the city prison all smiled audibly.—Mansfield Shield.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

ANNUAL

Convention Of Patrons Of Industry In Session

In Mt. Vernon And Many Delegates Are Present

The Meetings Being Held In The N. U. Hall

The annual meeting or convention of the Patrons of Industry, a state organization, is being held in this city. A large number of delegates have arrived in the city from various points in the state to represent their respective districts and a very enthusiastic meeting is in progress.

The meetings are being held in the National Union hall on the West side of the public square and are being attended by a number of interested persons from Knox county granges.

The meeting is being presided over by President Daniel Murphy of Noble county, who will remain during the convention which will be concluded on Thursday evening.

Officers will be elected on Wednesday afternoon and evening. Among those present as delegates are J. W. Elser, E. F. Baker and H. A. Homold of Adamsville, A. M. Allison, B. U. Jones and Ray Thompson of Sonora, E. L. Roe of Guilbert Station, C. W. Curchen of Cumberland, Ohio, D. L. Murphy and J. B. Dunford of Pleasant City, Frank Musser and John S. Craft of Sarabsville and J. N. Foster of Columbus.

Quick climatic changes try strong constitutions and cause, among other evils, nasal catarrh, a troublesome and offensive disease. Sneezing and snuffing, coughing and difficult breathing, and the drip, drip of the front discharge into the throat—all are ended by Ely's Cream Balm. This honest remedy contains no cocaine, mercury, nor other harmful ingredient. The worst cases yield to treatment in a short time. All druggists, 50c, or mailed by Ely Bros., 56 Warren street, New York.

WARNING

Issued By Government About Christmas Packages

Washington, Oct. 26—The first official note of the approach of Christmas appeared today when the postoffice department issued a warning to all postmasters that Portugal, Guatemala and Uruguay refused to admit their mail articles bearing non-postage Christmas stamps or other adhesive charity stamps or labels. Portugal's objection, however, is limited to such stamps as resemble regular postage stamps.

Other countries, such as Great Britain, Germany, British East Africa and a host of British dependencies, will admit articles bearing such stamps when the stamps are affixed to the reverse and not on the address side. The postal officials announce that articles liable to be refused admittance to the countries mentioned will not be forwarded from the United States, but will be returned to the persons mailing them.

Incidentally the department has issued the usual annual caution that to avoid delay in handling articles bearing Christmas stamps to be transmitted in the international, the covers of such articles should bear the full name and address of the senders.

SMALL CITIES

Show The Best Increase In Census Battle

Washington, Oct. 26—In addition to the cities the census recapitulation bulletin issued today gives the names of states for which the census returns have been published up to October 20. They were Rhode Island, Michigan, Missouri, New Mexico, Delaware, Vermont and Massachusetts. The aggregate population for these seven states was 10,989,272, an increase of 14.66 per cent as against an increase of 18.4 per cent during the decade of 1890 to 1900.

Forty-three cities of more than 100,000 population, and 159 cities of between 25,000 and 100,000 are given. Commenting upon the facts presented the bulletin says:

"With the data for both groups of cities approaching completeness, it is noticeable that the smaller cities as a group seem to have maintained during the decade 1900 to 1910 a rate of growth considerably above that maintained by the larger cities. The rate for the aggregate population of the smaller cities being 39.3 per cent and that for the larger 30.1."

There was no such contrast in the decade 1890 to 1900, during which increase of the smaller cities in the aggregate was 33.2 per cent and the larger 32.1 per cent.

The returns for all the cities, which in 1909 were in the 100,000 class have been received except for Los Angeles and San Francisco and Minneapolis and Memphis. Seattle, Wash., which will go into the 100,000 class, had not reached that figure ten years ago.

The population of Jefferson county, Kentucky, containing the city of Louisville, as enumerated in the thirteenth census, is 262,929, compared with 232,549 in 1900.

YOU DON'T HAVE TO LEAVE HOME

to get the best business education.

One year of performance is better than ten years of promise. The Mt. Vernon Business College has made good.

We weren't experimenting on Mt. Vernon the past three years with our local Branch School. We knew just what we were doing. Business men had pledged enough students for a fine class before even the first announcement, and each year was a grand success—this one will be even better.

Your money couldn't secure you a better education—no matter where you want. There is only one BEST—and in College Systems, and methods we control them absolutely. We pay large salaries to instructors who know their business and graduates of this school never be out of a position—we guarantee that.

Stay at home with your family and go to business college in your home town—what can you ask better than that—especially when you have everything that the big city college can offer—nothing different but the size of the school, and that can certainly be no disadvantage.

WE POSITIVELY GUARANTEE POSITIONS UPON GRADUATION OR REFUND EVERY CENT OF TUITION PAID. HOW CAN YOU LOSE?
